

ARUN NATARAJAN

Full Stack Developer

📍 Karur, India | arunnatarajan2704@gmail.com | +91 7502263833 | [Portfolio](#) | [LinkedIn](#)

ABOUT ME

Full Stack Developer with 5+ years of experience building scalable web applications and real-time systems. Focused on real-time systems and backend performance optimization.

Specialized in **PHP** (CodeIgniter, Laravel), with experience in trading platforms, CRM systems, **WebSockets**, and **Redis**. Strong in **end-to-end development**, performance optimization, and **Agile** delivery.

TECHNICAL SKILLS

Languages & Frameworks: PHP (CodeIgniter 3, Laravel), JavaScript (ES6+), HTML5, CSS3, Bootstrap, jQuery

Backend & Architecture: RESTful APIs, MVC, Authentication & Authorization (JWT/OAuth), Redis, WebSockets, Performance Optimization

Database: MySQL, MariaDB, Data Modeling, Query Optimization, Indexing

Tools: Git, GitHub, Bitbucket, Postman, Debugging Tools

Practices: Agile, Scrum, SDLC, JIRA, Code Review, Version Control

Testing & Quality: API, Unit & Integration Testing, Bug Tracking

Modern Tools: AI-assisted Development (Claude, ChatGPT, Cursor)

Professional Skills: Problem Solving, Mentoring, Client Communication, End-to-End Development

WORK EXPERIENCE

Full Stack Developer – Appteq Technologies, Coimbatore (08/2024 – Present)

- Developed a **real-time trading platform** using WebSockets for live data updates and improved user responsiveness
 - Built and enhanced a **CRM system** for client lifecycle and workflow management
 - Implemented **Redis caching** to optimize performance and reduce response time
 - Planned and delivered modules independently with full **end-to-end ownership**
 - Mentored junior developers and improved code quality through structured reviews.
-

Software Developer – Feather Technology, Puducherry (01/2023 – 09/2024)

- Expanded scalable web applications using **Laravel, PHP, and MySQL**
 - Designed and implemented **RESTful APIs** for internal and external integrations
 - Built secure **authentication and authorization systems**
 - Optimized complex queries to improve application performance.
 - Worked in Agile teams with sprint planning, standups, and version control practices
-

Junior Associate – Wipro Technologies, Bangalore (07/2021 to 12/2022)

- Developed and supported web applications using PHP, JavaScript, HTML, and CSS
 - Gained experience in **API integration, debugging, and testing**
 - Followed structured Agile practices and collaborated in team environments
 - Used Git for version control and participated in code maintenance
-

Web Developer – Bluez Infomatics, Coimbatore (06/2019 – 05/2020)

- Built responsive web interfaces using HTML, CSS, Bootstrap, and jQuery, PHP and MySQL
 - Resolved application issues and enhanced existing features.
-

PROJECTS

1. Real-Time Trading Platform (WebSockets, Redis)

- Enhanced live data system using WebSockets
- Boosted real-time responsiveness and system reliability

2. CRM System (PHP, MySQL, REST APIs)

- Created and implemented client management workflows
- Refined data organization and operational efficiency

3. Independent Full-Stack Project

- Delivered end-to-end application independently from development to deployment
 - Handled architecture, backend, frontend, and database design
-

EDUCATION

Bachelor's Degree in Computer Applications

Valluar College of Science & Management, Karur — **2019**
